Unfortunately, the elevator has been out of order for an hour. The repair will take until about 8:30 pm. The meal will therefore be served to the residents in their rooms this evening. Meal trays will be available in the kitchen from 6pm. Thank you to the unit managers for taking care of the distribution.

REQUIREMENTS

Modernize your GETS system

Install the new GEC in your building.

Smartphones for the staff

Equip caregivers with smartphones authorized to use the app.

Certified Interface

For the connection to the server, a certified interface between the two systems is required.

3G, 4G, 5G Network

Your building must have a GSM, 3G, 4G or 5G network covering your entire establishment. If this is not the case, "inhouse GSM" solutions are available.

WLAN in the whole building

Optional, to ensure redundancy and security in your facility. You need WLAN in all areas.

Alarm matrix

Define an alarm matrix to send the right information to the right person at all times.
